

9992-DEC-4K-HEVC Block Diagram

4K / AVC / MPEG-2 Software Defined Broadcast Decoder
with Single-Channel 4K or Dual-Channel 2K Video Paths

* ASI 2 IN BNC selectable as ASI 2 IN stream decode source (default mode)
or as alternate which instead provides loop-thru ASI 1 output copy.

** Output copies are disabled if the decoder is in 12G mode.
