Thank you for purchasing an optional Licensable Feature for your card. On the card where the feature is to be activated, open the **Licensable Feature** tab in DashBoard™. Follow the instructions below to activate your licensable feature.

Licensable Features	Allows activation of optional licensed features.
Note: For card pre-ordered with licensed feature(s), the activation steps described below are not required; the feature will already be installed activated. To order features and obtain a license key, contact Cobalt® sales at sales@cobaltdigital.com or at the contact information in your product manual. Please provide the "SSN" number of your card (displayed in the Card Info pane) when contacting us for your key.	
• License Feature and Key Entry window	Activate licensable feature as described below. <ol style="list-style-type: none">1. Enter the feature key string in the Feature Key box. Press return or click outside of the box to acknowledge entry. Note: Entry string is case sensitive. Do not enter any spaces.2. In the DashBoard™ Card Info pane, wait for Valid Key Entered to be displayed. This indicates the key was correctly entered and recognized by the card. Note: If DashBoard™ card function submenu/control pane does not re-appear, close the card and re-open it.3. Click and confirm Reboot. When the card function submenu/control pane appears again, the licensable feature will be available. Note: Applying the licensable feature and its reboot has no effect on prior settings. All control settings and drop-down selections are retained.
